Education

Vel Tech Institute of Technology & Science Masters of Science - Data Analytics CGPA: 8	2021 - 2023
Vel Tech Institute of Technology & Science Bachelor of Computer Applications CGPA: 6.5	2016 - 2020
CSI Ewart Matriculation Higher secondary School HSC - 50%	2016
CSI Ewart Matriculation Higher secondary School SSLC - 72.8%	2014

Project

Developed website for M Kids Play School

- Spearheaded the design, development, and deployment of a visually appealing, user-friendly website to enhance admission rates and institutional reputation.
- Utilized HTML, CSS, JavaScript, and responsive design principles to ensure cross-platform compatibility. Integrated advanced features such as virtual campus tours using 3D modeling and VR technology, providing an immersive experience for remote visitors.

Personality Prediction using the Big Five Model

- Explored the scope and domain of the widely accepted Big Five model for understanding human personality.
- Built the website using Streamlit, A Python framework for creating interactive web applications.
